MUTUAL LIFE ASSURANCE.

# THE SCOTTISH PROVIDENT INSTITUTION,

No. 6 ST. ANDREW SQUARE, EDINBURGH.

---

**T**HE TERMS of this INSTITUTION are specially adapted to the case of **Family Settlements**, where it is important to secure a competent provision of definite amount from the first, at the smallest present outlay. It is the only Office in which the advantages of **Mutual Assurance** can be obtained in combination with **Moderate Premiums**.

Instead of charging rates admittedly higher than are necessary, and afterwards returning the excess, or a portion of it, in the shape of periodical Bonuses, it gives, from the first, as large an assurance as the Premiums will with perfect safety bear, reserving the Whole Surplus for those Members who have lived long enough to secure the common Fund from loss on account of their individual assurances.

A Policy for £1200 to £1250, with prospect of considerable additions to those who come to share in the reserved Profits, may thus, at most ages, be had for the Premium elsewhere charged to assure £1000 only. Policies for £1000 have already been increased to £1400, £1600, and even to £1800.

## FINANCIAL PROGRESS AND POSITION.

Valuable information as to the Financial Progress and Position of the various Offices, may be obtained from the "Life Insurance Chart," compiled from official documents. On the facts there shown, no Office gives evidence of greater progress and stability than the **Scottish Provident Institution**.

In regard to **Accumulated Funds**, which now exceed £1,850,000—the comparison is especially gratifying. Notwithstanding its low rates, no Office of equal age has so large a Fund, or shows so large an increase from year to year. For some time the increase has been at the rate of £130,000 a-year,

*Copies of the Annual Report and full information will be sent on application.*

THE Publishers of the POST OFFICE KILMARNOCK DIRECTORY have to apologise to their Subscribers for the delay which has taken place in its publication. This has chiefly arisen from the considerable amount of new information furnished, both for town and country. The Publishers hope that any inconvenience or annoyance caused by the delay, will be more than made up for by the extra information given, and that the result of their labours, on the whole, may meet the approval of their Subscribers, and the commercial public in general.

They have also to express their thanks to the many friends who have kindly furnished them with information.

The Publishers would also beg to announce that it is their intention to publish the Directory every Two years in future, should they receive sufficient encouragement. As the Directory has now been wrought into form (after the model of the Glasgow Directory), the Publishers hope that their efforts to meet, by a regular publication of their book, a want long felt in Kilmarnock, will be rewarded by an increased number of Subscribers and Advertisers.

# DR. J. COLLIS BROWNE'S CHLORODYNE

IS THE

## ORIGINAL AND ONLY GENUINE.

### ADVICE TO INVALIDS.

If you wish to obtain quiet refreshing sleep, free from headache, relief from pain and anguish, to calm and assuage the weary aching of protracted disease, invigorate the nervous media, and regulate the circulating systems of the body, you will provide yourself with that marvellous remedy discovered by Dr. J. COLLIS BROWNE, Member of the College of Physicians, London, to which he gave the name of

### CHLORODYNE,

and which is admitted by the profession to be the most wonderful and valuable remedy ever discovered.

**CHLORODYNE** is the best remedy known for *Coughs, Consumption, Bronchitis, Asthma.*

**CHLORODYNE** effectually checks and arrests those too often fatal diseases—*Diphtheria, Fever, Croup, Ague.*

**CHLORODYNE** acts like a charm in *Diarrhœa*, and is the only specific in *Cholera and Dysentery.*

**CHLORODYNE** effectually cuts short all attacks of *Epilepsy, Hysteria, Palpitation and Spasms.*

**CHLORODYNE** is the only palliative in *Neuralgia, Rheumatism, Gout, Cancer, Toothache, Meningitis. &c.*

From Lord Francis Conyngham, Mount Charles, Donegal, Dec. 11, 1868.—Lord Francis Conyngham, who at this time last year bought some of Dr. J. Collis Browne's Chlorodyne from Mr. Davenport, and has found it a most wonderful medicine, will be glad to have half-a-dozen bottles sent at once to the above address.

Earl Russell communicated to the College of Physicians that he had received a dispatch from her Majesty's Consul at Manilla, to the effect that Cholera had been raging fearfully, and that the ONLY remedy of any service was CHLORODYNE.—See *Lancet*, December 31, 1864.

### CAUTION.—Beware of Piracy and Imitations.

CAUTION.—Vice-Chancellor Sir W. Page Wood stated that Dr. J. COLLIS BROWNE was undoubtedly the inventor of CHLORODYNE; that the story of the defendant *Freeman* was deliberately untrue, which, he regretted to say, had been sworn to.—See *Times*, July 13th, 1864.

Sold in Bottles at 1s. 1½d., 2s. 9d., and 4s. 6d. None genuine without the words "DR. J. COLLIS BROWNE'S CHLORODYNE," on the Government Stamp. Overwhelming Medical Testimony accompanies each bottle.

*To the Representatives of the late Mr. W. Nicholls,*

EXTRACT OF ANNATTO MANUFACTURERS,

Chippenham, Wiltshire.

GENTLEMEN,

I have much pleasure in informing you that the 1st and 2nd Prizes have been awarded at the DUBLIN AGRICULTURAL EXHIBITION, held on the 1st instant, for Cheese made at my Condensed Milk Factory, Mallow, Co. Cork, and Coloured with NICHOLL'S FLUID EXTRACT OF ANNATTO.

Mr. HARDING, late of Cheddar, Manager of the Cheese Department, pronounced it to be the BEST EXTRACT OF ANNATTO EXTANT, and **three times the strength** of some other preparations of Annatto he has lately used.

The colour of your Annatto is by far the brightest and most suitable, for both Butter and Cheese, I have seen.

I would strongly recommend the use of NICHOLL'S EXTRACT OF ANNATTO to all Farmers in Ireland; its fine cowslip tint, I feel assured, cannot be equalled—giving to the Butter that natural colour produced by the finest summer herbage.

I remain, Gentlemen,

Yours faithfully,

J. A. NEWNHAM.

KILMARNOCK, 22nd March, 1872.

# PRINTING, BOOK-BINDING, &c.

I CANNOT permit the present opportunity of acquiring a permanent Advertisement to pass without directing public attention to my Business.

In the PRINTING DEPARTMENT, the old adage "Let deeds shew proof" has been illustrated in my various Editions of "Burns' Works," now become so widely known, as also in my JOBBING, and likewise by the Book now in the hands of the reader "The Kilmarnock Post-Office Directory."

What I have done, and what I can do, in the varied styles of the Book-BINDING Branch of my Trade is not so easily—cannot be so distinctly—brought under every persons eye. Though my Machinery is unequalled in Ayrshire, and the ability of my Workmen acknowledged and not surpassed; and although I have carried on this Branch with vigour and success for upwards of a quarter of a century, I have often thought it strange that by far the larger portion of the Binding done has been for parties in the Country and the adjoining districts—perchance, that may have arisen from ignorance of what could be done at Nos. 2 and 6 KING STREET. However, should this advertisement be in any way effectual in letting parties understand, who did not formerly know, that Book-binding in the plainest or most elegant styles, and at the same time, strong and substantial, is executed by me, then will it have materially served its purpose.

M'KIE'S KILMARNOCK EDITION OF BURNS,  
Dedicated, by permission, to the Noblemen & Gentlemen of the Caledonian Hunt.

*Complete in Two Vols., Demy 12mo., of 500 Pages each, price 10s.6d.,*

THE KILMARNOCK POPULAR EDITION

OF THE

# POETICAL WORKS OF ROBERT BURNS,

ARRANGED IN THE ORDER OF THEIR EARLIEST PUBLICATION,  
WITH AN INTERESTING MEMOIR OF THE POET,  
(*On a Plan now first adopted.*)

AND NEW ANNOTATIONS AND INTRODUCTORY NOTICES,

Written expressly for this Work,

BY WILLIAM SCOTT DOUGLAS, EDINBURGH.

**V**OLUME First contains a *verbal and literal reprint* of the very rare Original Kilmarnock Edition of 1786, with *Fac-Simile* of its Title-page; a *literal reproduction* of the pieces added by the Author in his Edinburgh issue of 1787; the farther additions made by him in the Edition of 1793; all the Poet's lyrical contributions to the first four volumes of *Johnson's Museum*, and first half-volume of George Thomson's collection. Finally, is given, a combination of the Poet's own Kilmarnock and Edinburgh Glossaries, with the additions made thereto by Dr. Currie. Each group of pieces is headed by an Introductory Notice, and every separate composition is illustrated by a relative note. The Memoir is in the form of a Chronological Table, progressively tracing the Poet's brief career from the cradle to the grave; and thence into the regions of immortality. The materials for the Biography are gathered chiefly from the Poet's own writings and the valuable personal recollections of those who were closely associated with him in early life.

*A Fac-Simile engraving of the Bard's Portrait, as executed by Beugo, 1787, forms the Frontispiece to the First Volume.*

Volume Second is entirely devoted to the *perfect reproduction* of the Poet's Posthumous Compositions, arranged on the same plan as that of its companion volume; many of the pieces are corrected and extended from the Poet's own manuscripts, and a few authentic fragments, never before published, are given from the same sources, kindly communicated by their possessors. To this volume is appended an extended re-issue of *Bibliotheca Burnsiana* (British), with a complete list of the American Reprints of the Poet's Works, collated by the late Mr. Gowans of New-York, and presented by him to the Publisher. An elaborate Index, compiled on a new plan, closes this, the most thorough and correct Edition of the Poems and Songs of Scotland's National Bard ever offered to the public.

These Twin Volumes,—the *First* containing the Poet's Works issued under his own superintendence, and the *Second* his Posthumous Publications; thus telling of *life* in the one, *death* in the other, and *immortality* in both,—are strongly and handsomely bound in cloth; and while they are directly designed for popular circulation, the Publisher has been gratified in receiving special authority to Dedicate them to the Noblemen and Gentlemen of the Caledonian Hunt, successors of those early patrons of Burns who honoured themselves by encouraging his Muse. The present Edition, therefore, while it issues from the same Provincial Press which, during the throes of the Poet's adversity, was the medium of giving his first efforts to the world, is also associated with his early triumphs, when "honest rusticity" ennobled by genius, found a National welcome in the Scottish Metropolis.

JAMES M'KIE, *Printer and Publisher.*

## POLITICAL ECONOMY OF THE "UNIQUE" SHIRT.

Nothing can exercise a more powerful and beneficial influence on the commercial prosperity of a community than a well adjusted system of division of labour applied to its production. Not only does such a system reduce the cost of the goods, but it also raises the standard of workmanship, in many cases to such a pitch of excellence as to be quite unattainable by any other method. In proof of this we might quote the often-repeated illustration of how many different pair of hands a pin passes through before it is finally finished and ready for use, and consider its almost infinitesimal value in comparison to what it would be were the same individual to draw, clip, head, point, and finish it.

As the most extensive Shirt Manufacturers in Scotland dealing directly with Consumers, we possess unequalled facilities for applying the system to the Manufacture of Shirts, so much so that we have now brought the "UNIQUE" to a degree of perfection and elegance unattainable by any other plan. But even apart from its superiority over all other Shirts, the cost of production has been so far reduced as to insure for it a ready preference either over the old fashioned shape or the many short-lived novelties which have successively appeared during the last quarter of a century.

JAMES WEBSTER & CO.

86 AND 88 ARGYLE STREET, GLASGOW.

## "MINIMUM" *versus* "MAXIMUM."

It is very unfortunate, but also very true, that the object of all Traders is to secure as great a Profit as possible on each transaction, under the impression that a large Profit so secured must produce at the year's end a satisfactory Balance-Sheet. It is only now and then that an odd individual springs up here and there and adopts the entirely opposite course of reducing the Profit on each transaction to the very lowest or "*Minimum*" rate.

It is well known to every Gentleman that the West-End Tailors who produce the same high-class Clothing that we do, charge something like £6 or £7 for a West of England Superfine Black Suit. No doubt to many it appears a very foolish action on our part to charge only £4 18s while so much higher a price can be obtained. Our object, however, is to make up the deficiency on single transactions by a very large increase in the number of Suits sold. In other words; to make the scheme profitable, we must sell *Ten* Suits at £4 18s for every *One* which could be sold at the large profit price, and we see no reason why our endeavours should not be crowned with a complete success.
